

Emotional Support Chicken™

by The Knitting Tree, L.A.

LIFE IS HARD. WE ALL NEED A CHICKEN TO HELP MAKE IT BETTER!!!

This is a modification of a pattern by the late Bev Galaskas for Fibertrends called Henrietta and Family.

Materials: MC **Color A for body** 200yds/100g skein of worsted weight yarn CC **Color B for stripes** 50g/100yds for stripes, 4 yards for beak (**yellow**), 6 yards for comb and wattle (**red**), US 7/4.5mm knitting needles (fabric should be stiff enough so stuffing doesn't come out), 1 pair of 15mm safety eyes, removable stitch markers, tapestry needle. 250g of Polyfill stuffing. *Optional:* 5mm crochet hook

Abbreviations: **K**=knit, **K2tog**=knit 2 stitches together, **SSK**=slip slip knit, **KFB**=knit stitch through front and back, **W&T**=wrap and turn=slip next stitch from left to right needle, bring yarn to the front, move the slipped stitch back to left needle and turn. Because this is garter stitch, *you don't need to "pick up your wraps" later - just knit the wrapped stitches normally whenever you come to them.* **PM**=place marker, **CO**=cast on, **Cable Cast On**=Place right needle in between first two stitches on left needle, yo and pull loop through, place loop on left needle, **BO**=bind off, **SC**=single crochet, **RS**=starting on the right side, **WS**=starting on the wrong side

Gauge: 16sts =4" in on US 7/4.5mm Gauge is important when knitting from the kit! Otherwise, you may not have enough yarn to finish. If you feel you are running short on the under section, alternate Color A and Color B every 2 rows.
